---

I chatted with Dave today to catch him up on a number of things, this call being one of them. I suggested that we return the call instead of Dave, given that Dave is in a different position. Dave agreed.

So, I called Mr. Mintz and left a voicemail that I was returning Dave's call, that Dave was on detail with me filling in temporarily for Dave, and left my number as a call back. What I plan to tell Mr. Mintz is that Rosemont is still in the NEPA process, and thus there is no time table for a permit that we know of. If he wants to get a sense from the Corps on their schedule, he'll need to call Meg or the local Corps district office.

Stay tuned. If he calls back, I'll pull you onto the call.
